Qualification Summary

Qualification Title	GA Level 3 in British Wildlife Rehabilitation Studies		
Qualification Number	610/0047/2	Credit Value	39
GLH	290	TQT	380

About this Qualification

In the GA Level 3 Diploma in British Wildlife Rehabilitation Studies, learners will gain knowledge of working with British wildlife in a rehabilitation context, examining handling and restraining methods, and capture and release techniques. Learners will understand the methods used to assess and treat an injured wild animal, including first aid, and how and when euthanasia is appropriate. In addition, learners will also develop an understanding of the relevant legislation and external agencies involved in working in the rehabilitation of British wild animals and why and how to monitor and record wildlife populations in different ways.

Entry Requirements

This qualification is ideal for learners who work in, or intend to enter, a career in British wildlife care and rehabilitation. This qualification is intended for learners aged 16 and above. There are other no formal entry requirements for this qualification.

Progression Opportunities

This qualification is an ideal qualification from which a learner might progress onto higher level study, practical occupational training, a volunteering position or a career in British wildlife care and welfare or conservation.
