Package Options

A number of GA qualifications can be delivered with additional support through optional packages, rather than centres managing every element of delivery, assessment and Internal Quality Assurance (IQA) themselves.

Packages give centres flexibility to choose the level of support that best suits their resources and expertise.

Package options are provided either directly by Gatehouse Awards (GA) or by Gatehouse Awards Educational Services (GAES).

This page sets out the type of package options available.

Centres should contact GA directly for individual package availability as not all qualifications are provided with package options.
